OBJECTIVE

Ultimately, I want to become a full stack developer. I'm excited for the opportunity to help your team while hopefully growing into that role with your company.

EDUCATION

Bachelor of the Arts, Psychology | Michigan State University **DEC/2020**

Psychology is a huge passion of mine; I chose this field so I could give back to my community wherever I went. I plan to continue this as much as possible in the future

Full-Stack Web Development Certification | MSU Coding Bootcamp **MAY/2021 – NOV/2021**

This is my dream career, currently learning JavaScript, HTML, Node, MySQL, and much more. Check out my portfolio to see more. Keep in mind I have new apps and updates for old ones weekly! I look forward to showing you all my progress.

EXPERIENCE

Residential Technician | Community Mental Health – Greater Lansing **OCT/2011-SEP/2021**

Provide primary care at an adult foster home. Personal responsibilities: Medication counts & orders, managing appointments, meal prep, logging mental health changes, and client socializing.

Shift Manager | GameStop INC. **2010 - 2015**

Managed a small team of employees under the supervision of the store managers. Included opening and closing responsibilities, coaching, customer service solutions, and sales goals.

SKILLS

- Customer service experience
- Leadership skills
- Sales experience
- Full stack proficiency
- Proficient with Apple/Windows apps
- Patient, creative problem solver

ACTIVITIES

I enjoy being active with sports or being outdoors and I'm big into computers and tech. I occasionally ref local youth lacrosse/hockey and often help coach my nephew's team. I do my best to stay active in my community.
